

ABOUT US

Accolade Technologies, LLC is a Service-Disabled Veteran-Owned Small Business (SDVOSB) delivering technical and mission support services to the Intelligence Community and defense organizations. Core capabilities include technical and analytic services, systems and test engineering, high-performance computing (HPC), intelligence support, program management, and acquisition support.

We operate in environments where confidentiality, integrity, and credibility are critical. With deep mission understanding and proven past performance, Accolade delivers agile, secure, and effective solutions. Our outcome-focused approach, combined with a skilled and diverse workforce, enables us to build strong partnerships and consistently drive mission success.

Innovative Solutions. Expert Talent. Proven Results.
